

RE-OPENING MASSACHUSETTS MAY 29, 2021 PERIWINKLE COTTAGE MAINTAINS HIGH STANDARDS DURING YOUR STAY!

With restrictions in Massachusetts lifted we will continue with our cleaning protocol which complies with the CDC universal precautions for containing the spread of COVID-19 (it makes good business sense).

WHAT CAN GUEST'S CONTINUE TO ENJOY at PERIWINKLE COTTAGE?

Our cleaning regimen has always been to thoroughly clean and disinfect the units between guest's reservations. We will continue this practice. However, with back-to-back bookings, we may not be able to offer an early check-in or late check-out. Please call to inquire.

(Check-in is 3:00 pm or after; Check-out is 10:00 am or earlier.)

We leave approximately 5 hours between a guest's departure and a new guest's arrival. This time is crucial to effectively clean and disinfect the unit(s). Air Purifiers are also used in each unit.

Contactless Arrival: The key to the unit will be left between the screen/storm door and front door of the unit. Please call, email, or text me if you have any questions. **My cellphone number is 781-820-1513 (text messages received at this number only).** We look forward to once again meeting our guests and we hope to have the opportunity during your visit to say hello. Information on COVID-19 and Periwinkle Cottage is available on my website at www.AnExtraBedVacationRentals.com under "Things to do".

Hand washing and sanitizing is crucial to kill germs/virus. We provide a hand sanitizer (62% Ethyl Alcohol) in the units along with a disinfectant spray (Solu-Guard Botanical - an EPA Approved Disinfectant – by Melaleuca – The Wellness Company). Feel free to use these items during your visit at Periwinkle Cottage.

Masks and gloves are no longer required (though masks may still be required in the downtown area and on Bearskin Neck) – we will continue to offer them to our guests upon arrival.

As to "Social Distancing" (*in the courtyard area*) - please respect personal space as some guests may not feel comfortable getting too close - yet. When in doubt - maintain six feet between you and other guests.

When using the Gas Grill (*which is shared between the two units*), please clean grill with brush after each use and use the disinfectant spray on handles. Solu-Guard Botanical is available in each unit.

Laundry is available for stays 7-nights or longer only – no exception*. Guidelines for Laundry Room usage is noted in the binder and posted. Solu-Guard Botanical is available to wipe down washer/dryer knobs, detergent bottles and door handles in Laundry Room. **(*A clean/well maintained laundromat is available in Gloucester across from the Stop & Shop Plaza - next to Charlie's Restaurant).**

A re-refresh of the unit will take place for stays longer than 7-nights. This refresh will take place at a mutually convenient date and time. If you are NOT COMFORTABLE with the refresh – please let us know.

As always, we will continue to clean and disinfectant all high-touched surfaces (*i.e., light switches, doorknobs, handrails, remote, etc.*) along with washing linens in the highest temperature recommended.

Two beach towels and two beach chairs will be available per each unit. If you require additional beach towels, please either bring your own or let me know before your visit with us.
